

CIVIL 3D ONLINE

CIVIL 3D 2012

OVERVIEW

Civil 3D 2012: The Complete Guide is designed to give you a solid understanding of Civil 3D 2012 features and capabilities from the basics through to advanced components. Every course is designed to use all learning styles from text, audio, video, interactivity, quizzes and practical “Let Me Try” examples.

To get the most out of this course, we strongly recommend you review **every** topic within the course, and use all the learning styles to ensure you retain the important information within. We also encourage you to take **all** the progress tests to ensure you have retained the knowledge, and most importantly practice with the hundreds of real world, Let Me Try examples.

SPECIFICS

Cost:

Guided Course: \$525/person

Flexible Course: \$395/person

Full Library: \$845/person

Prerequisites: Prior experience with AutoCAD or AutoCAD-based products (such as Autodesk Land Desktop) is a suggested prerequisite for this course.

FUNDAMENTAL TOPICS

- Navigating the Civil 3D User Interface
- Leveraging a Dynamic Environment
- Establishing Existing Conditions Using Survey Data
- Modeling the Existing Terrain Using Surfaces
- Designing in 2D Using Alignments
- Displaying and Annotating Alignments
- Designing Vertically Using Profiles
- Displaying and Annotating Profiles
- Designing in 3D Using Corridors
- Creating Cross Sections of the Design
- Displaying and Annotating Sections
- Designing and Analyzing Boundaries Using Parcels
- Displaying and Annotating Parcels
- Creating Pipe Networks
- Displaying and Annotating Pipe Networks
- Designing New Terrain
- Analyzing, Displaying, and Annotating Surfaces
- From Design to Construction

Civil 3D 2012: The Complete Guide has been carefully structured not only to give you the knowledge and skills you need to be a successful Civil 3D user, but also to prepare you for the Autodesk Certification exams.

The certification icon in the Let Me Try tasks will alert you to areas that are especially relevant to Civil 3D 2012 certification. For more certification information and resources please visit www.autodesk.com/certification.
