

INVENTOR ONLINE

INVENTOR 2012

OVERVIEW

Inventor 2012: The Complete Guide is designed to give you a solid understanding of Inventor 2012 features and capabilities from the basics through to advanced components. Every course is designed to use all learning styles from text, audio, video, interactivity, quizzes and practical “Let Me Try” examples.

To get the most out of this course, we strongly recommend you review **every** topic within the course, and use all the learning styles to ensure you retain the important information within. We also encourage you to take **all** the progress tests to ensure you have retained the knowledge, and most importantly practice with the hundreds of real world, Let Me Try examples.

SPECIFICS

Cost:

Guided Course: \$525/person

Flexible Course: \$395/person

Full Library: \$845/person

Prerequisites: You don't need any previous experience with Inventor to take this course; however, it does assume a reasonable level of experience with the Windows operating system on your part. And, while not absolutely necessary, some experience with other CAD software is helpful.

FUNDAMENTAL TOPICS

- Connecting to Inventor's Interface
- Creating 2D Drawings from 3D Data
- Learning the Essentials of Part Modeling
- Putting Things in Place with Assemblies
- Customizing Styles and Templates
- Creating Advanced Drawings and Detailing
- Advanced Part Modeling Features
- Advanced Assembly and Engineering Tools
- Creating Plastic Parts
- Working with Sheet Metal Parts
- Building with the Frame Generator
- The Weldment Environment
- Creating Images and Animation from Your Design Data
- Working with Non-Inventor Data
- Automating the Design Process and Table-Driven Design

Inventor 2012: The Complete Guide has been carefully structured not only to give you the knowledge and skills you need to be a successful Inventor user, but also to prepare you for the Autodesk Certification exams.

The certification icon in the Let Me Try tasks will alert you to areas that are especially relevant to Inventor 2012 certification. For more certification information and resources please visit www.autodesk.com/certification.
